Summary

With over a year of experience in modern Software Development, I specialize in:

- Web application development using ReactJS, NextJS, Javascript & Typescript.
- Mobile application development using React Native.

I am hard-working and have a keen interest in exploring as well as learning new technologies.

I am well-versed in project management tools, including Github, Gitlab, Bitbucket, Jira. My expertise also extends to optimizing performance and SEO.

Technical Skills

- **Web development:** ReactJS, NextJS, Javascript & Typescript, HTML & CSS, SCSS, Tailwind, Redux, Zustand, Recoil, Axios, React Query, RTK Query.
- **Mobile development:** React Native, Android.

Other skills: Git, Firebase, Socket.io, Pusher, Cloundinary, NodeJs, ExpressJs, Redis, Prisma, Material UI, Ant Design, Shadcn UI, ChartJs, Rechart, Framer Motion, npm/pnpm...
