Nguyen Trung Hieu
Front-End Web Developer

0945023429 - nthieu1332002@gmail.com - Thành phố Hồ Chí Minh
13/03/2002 - https://github.com/nthieu1332002 - https://nthieu-portfolio.vercel.app/

Summary

I have over 1 year of work experience in software development. My expertise includes web application development using ReactJS/NextJS and Typescript. I am well-versed in project management tools such as Github, Gitlab, Jira, and Trello. Additionally, I have hands-on experience in setting up the foundational code, overseeing project builds, and managing development teams within class projects. Proficient in optimizing performance, I also bring experience working with chart libraries such as Chart.js and Rechart.

Technical Skills

- **Web Developer:** HTML & CSS, SCSS, React/Typescript, NextJS, Redux, Git, Tailwind, ExpressJS, NestJS, Redis, Prisma.

Other skills: RTK Query, Zustand, React Query, Firebase, Socket.io, Pusher, Cloundinary, Nodejs, Ant Design, Shadcn, ChartJs, Rechart, Framer Motion,...

Work Experience

R2S CORPORATION | 08/2022 - 01/2023
Front-end Developer

ReactJs, Scss, Redux Toolkit, MUI, GitLab, Trello,...

Education

Đại Học FPT | 12/2020 - Present
Major: Software Engineering

Projects

Project: Discord clone
Time: Jul 2023
Description:
- Repository: https://github.com/nthieu1332002/discord-clone/.
- Demo: https://discord-clone-nthieu.vercel.app/

- Fullstack Nextjs, Prisma application that clone Discord's features and UI.

- Authentication with Google, Github using Clerk.

- Images management with Cloudinary.

- Realtime messages, online users with Pusher and Socket.io.

- Video call, voice call with Livekit.io.

- Technologies: NextJs, Prisma, Clerk, TailwindCss, Zustand, Shadcn, Socket.io, Pusher, LiveKit.io, Cloudinary...

Project: My Portfolio
Time: Jul 2023
Description:
- Demo: https://nthieu-portfolio.vercel.app/.
- Description:
- A fully responsive application to introduce myself.
- Technologies: NextJs/Typescript, Tailwindcss, Framer Motion,...

Project: IMIU (Group Project)
Time: Mar 2023 - June 2023
Description:
- Repository Web: https://github.com/LeNPhu/imiu-web/.
- Repository Mobile: https://github.com/nthieu1332002/imiu-mobile/.
- Demo: https://imiu-web.vercel.app/.
- Description:
- Application about Food/Cooking, supply recipes, nutrition, how to cook...
- My responsibility: Leader - take the main responsibility in team, manage team's work progress, plan to design database, features, requirements, UI,... And develop features's application.
- Development team consists of 3 teams: Backend, Web and Mobile (Flutter).
- Technologies: ReactJs, SCSS, Redux Toolkit, RTK Query, Ant Design, Firebase, React-Chart,...

Project: Safe Building (Group Project)
Time: Jan 2023 - Apr 2023
Description:
- Repository: https://github.com/nthieu1332002/Safe-Building-Web-TS-Vite/.
- Demo: https://safe-building-web.vercel.app/.
- Description:
- Class Project to manage revenue, residents, contracts,... of apartments.
- The development team consists of three teams: Backend, Web, and Mobile.
- My responsibility is the leader role – to take the main responsibility in the team, manage the team's work progress, plan the design of the database, features, requirements, UI,...
- Additionally, I am responsible for setting up and building the base code for the web team.

Project: KetChat (Individual Project)
Time: Jul 2022 - Sep 2022
Description:
- Repository: https://github.com/nthieu1332002/KetChat/.
- Description:
- Register, login.
- Chat content includes text messages, emoji and images.

- Dark/Light mode.
- Responsive for laptops, tablets and phones.
- Technologies: ReactJs, SCSS, Redux Toolkit, ExpressJs, Socket.io, Cloudinary, MongoDB,...

Project: My Portfolio (Individual Project)
Time: May 2022 - July 2022
Description:
- Repository: https://github.com/nthieu1332002/My-portfolio/.
- Demo: https://portifolio-hieu-nguyen-test.netlify.app/.
- Description:
- Dark/Light mode.
- Responsive for laptops, tablets and phones.
- Technologies: HTML, CSS, Bootstrap, Jquery.

Project: Hmovies
Time: Apr 2022 - Jul 2022
Description:
- Repository: https://github.com/nthieu1332002/Movie-Web/.
- Demo: https://movie-web-vercel-brown.vercel.app/.
- Description:
- Responsive for laptops, tablets and phones.
- Fake API from Themoviedb.org
- Technologies: ReactJs, SCSS.

Project: The H Store (Individual Project)
Time: Feb 2022 - May 2022
Description:
- Repository: https://github.com/nthieu1332002/The-H-Store/.
- Demo: https://the-h-store.vercel.app/.
- Description:
- A store website that uses fake APIs from Platzi.
- The design and components are fully self-designed and coded.
- Technologies used: ReactJS, SCSS, Redux Toolkit, Firebase,...

Certificates

OJT Certification
